

## **CHSC Green Team**

New University Circle Headquarters  
Recycling Program

November 2009

## CHSC Green Team Single Stream Recycling Flow Plan

### Step One

Daily - Each staff person or visitor uses recycled material collection bins located throughout the building.

- Public container located on the 1st floor in the vending room area.

### Step Two

Daily – At the end of each day, staffers empty their recyclables into large 32-gal recycle containers located on the 1st, 2nd, and 4th floors.

### Step Three

Daily - Cleaning crew empties large 32-gallon containers, along with 3 stream container, into large recycle bin located outside.

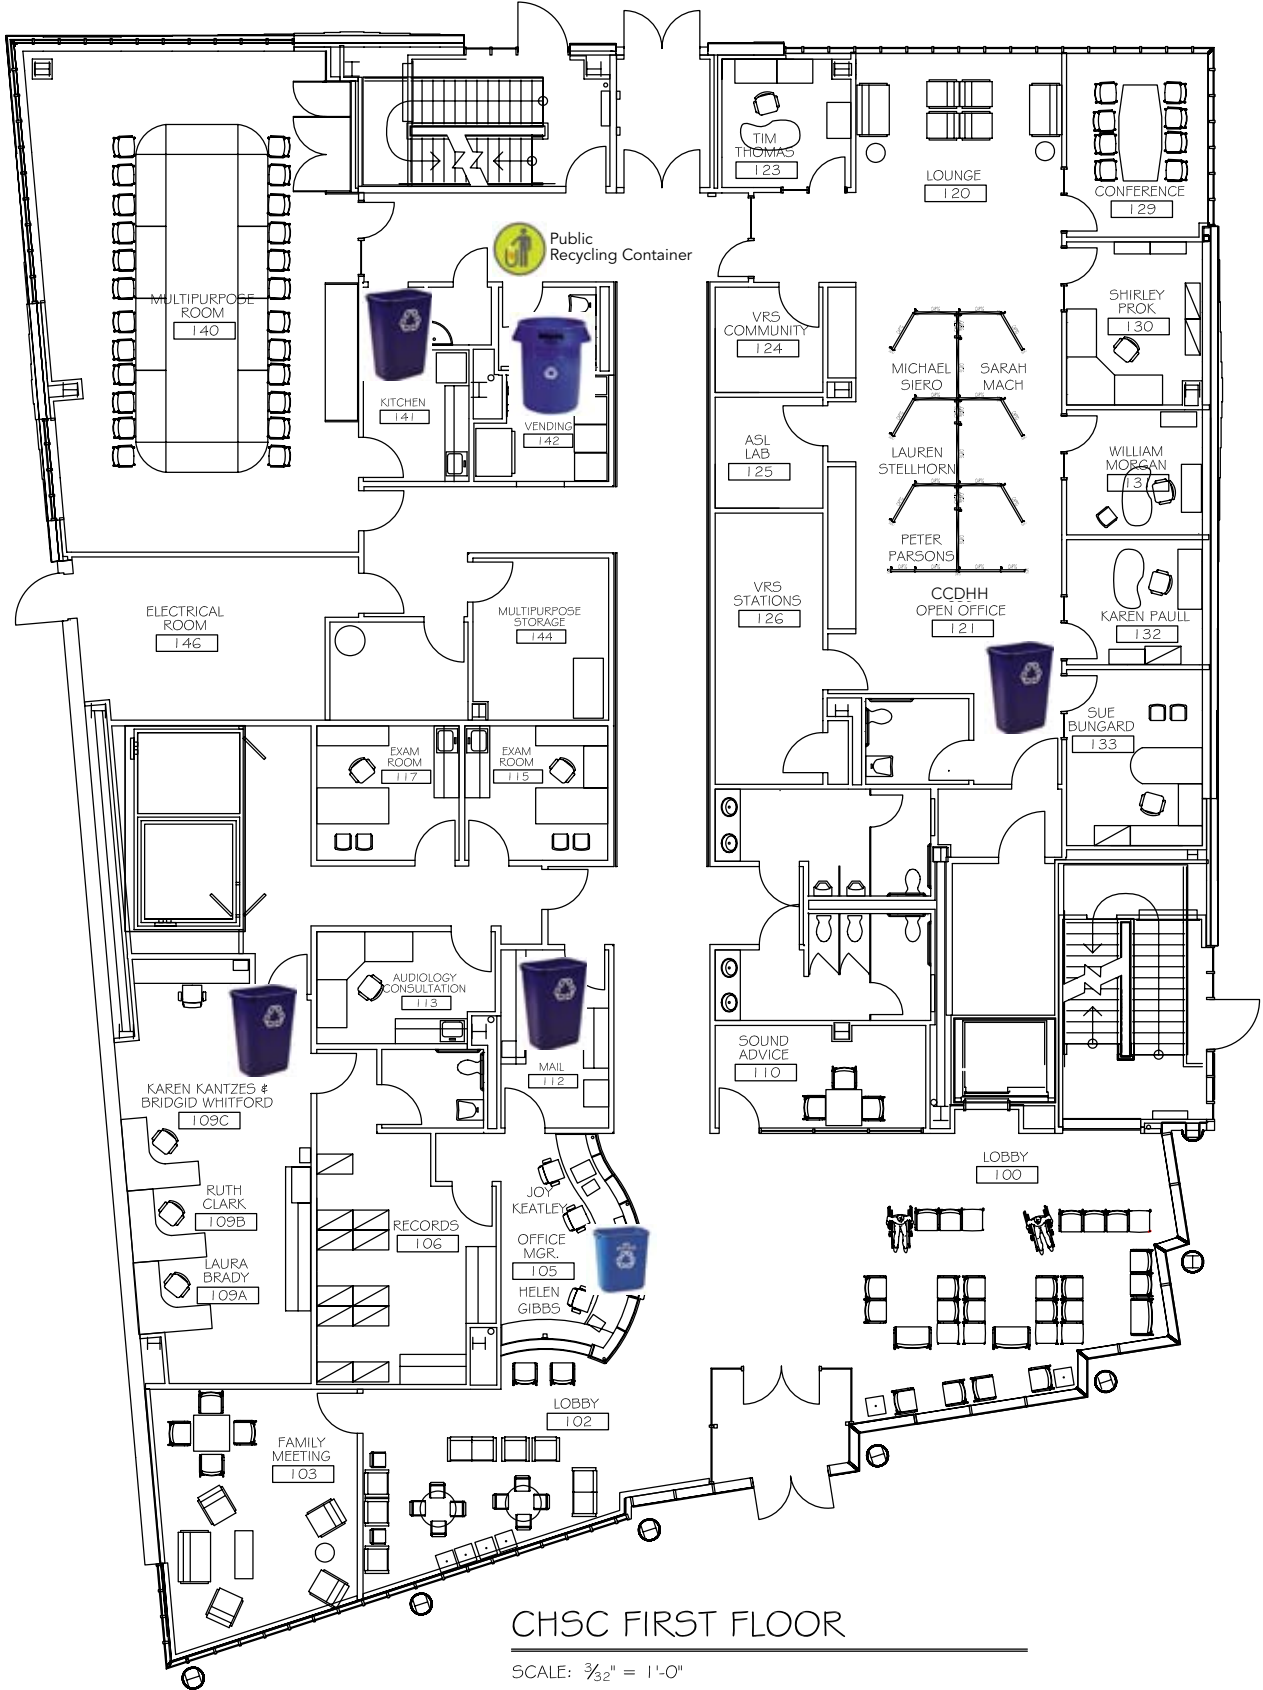

### Step Four

Weekly or Bi-monthly - Waste Management takes away recycled materials.
